

## Job Posting - Account Services Team Member

Job hunting is a lot like online dating. You fill out your profile and blast it out to the world and wait to see what bites. With that being said, we are not looking for an employee to fill a job opening, we are in the market for a long-term relationship with someone willing to commit to a career with a group of fun-loving, laid-back and sometimes goofy coworkers.

**Name:** Cultivate Agency

**A little about myself:** Cultivate is an agency grown from the ground up to provide any marketing, communications and creative needs our clients may have. Rooted in agriculture our branches spread wide to a large variety of industries and we truly enjoy taking on new and exciting challenges.

**Favorite Color:** Green

**Music:** Anything with a good back beat!

**Hobbies:**

- Reading a good book about the latest trends in marketing, advertising or design.
- Long talks with our clients to learn about their businesses, goals and lives in general.
- Having fun! If you're not having fun, you are doing it wrong.
- Romantic walks on the beach while checking our social media profiles.

**Interested in:** Account Services Team Member

**Expectations:** Our ideal Account Rep. would be the ultimate communicator with heroic listening skills. Working with a Sr. Account Executive your responsibilities would involve: building relationships with clients in order to understand and solve their company's needs, researching marketing and advertising trends in order to provide the best solutions for any given scenario, launching projects with Project Manager, and reporting to your clients the success of their campaigns. As we are a small agency other duties could be assigned based on skill set.

**Requirements:**

Bachelor's degree in communications, advertising or marketing.

- 2+ years of experience is preferred but an awesome candidate will not be ignored.
- Ability to work with a team on a daily basis and meet tight deadlines.
- Three references, because it's not what you know it's who you know.
